

MAGENSA PROCESSOR CERTIFICATION LIST

Couple Magensa Payment Protection Gateway and Decrypt & Forward Services with MagTek hardware.

- Enable secure payment transactions with a variety of L3 certified processors.
- Improve transaction speed and reduce complexity with L3 certifications that include Quick Chip technology.
- Work with the flexibility of products and processor options ISVs, VARs, ISOs, and system integrators need.

Devices include the **MagTek Hardware** and **SCRA** readers:

- **MagTek Hardware** (payment methods are device dependent, see specifications for details):
 - **Dyna Devices:** DynaFlex (Gen I, II/Pro, SCR, PED), DynaFlex II Go, and DynaProx
 - **MagneSafe V5 Devices:** eDynamo, iDynamo 6, tDynamo (Gen I, II), mDynamo, mDynamo Outdoor Bezel, oDynamo, DynaWave, DynaDip, DynaPro Go
- **SCRA Devices (magstripe only):**
 - iDynamo 5 (Gen I, II, III), Dynamag, and DynaPAD
