MOBILE PAYMENTS SOLUTIONS

nCLOSE is a technology company that designs, prototypes and manufactures tablet POS enclosures, mounts, charging circuits, custom cable harnesses and accessories for any business looking to accept payments or use mobile devices.

COHESIVE DESIGN

nCLOSE custom designs, streamlines and enhances the functionality between two or more devices to help them function as one.

MEETING CUSTOMER NEEDS

nCLOSE uses customer specific tablet models and payment devices (EMV, Chip + MSR, MSR, NFC, etc), barcode scanners and more all while creating sleek and functional solutions and modular designs to meet customer needs. Private labeling and custom colors are available.

RAPID DESIGN

nCLOSE offers rapid design, prototyping and manufacturing in CNC, plastic injection, and electrical engineering including custom charging circuits and adapters.

PARTNERSHIPS THAT MATTER

At nCLOSE, we make your dreams a reality by using the existing infrastructure you have (tablet, reader, processor, etc.) and the modular products we have to build solutions quickly, easily, and less expensively.
